PRICE FIVE CENTS

OVERWHELMING VICTORY FOR RUTHERFORD ADMINISTRATION

Triumphant Return at the Polls of the Liberal Government—Alberta Expresses Her Complete Satisfaction.

THE FOUR CABINET MINISTERS SECURE MAGNIFICENT MAJORITIES

Notable Victories Scored in Edmonton and Calgary, Where Cross and Cushing Head the

Conservatives Secured Only Two Seats, One in Calgary, Where R. B. Banfield, the C. P. R. Solicitor, is Elected, and the Other in Okotoks, Where Mr. J. W. Macmillan, Malcolm McFarlane, the Liberal Candidate—Both the South and the North Rally to the Support of the Government—John T. Moore, Red Deer, S. H. Ross, in Didsbury, and A. J. Robertson, in Nanton, the Only Members of the Last Legislature to be Defeated.

The Rutherford government was on phenomenal victory at the polls yesterday. Through the returns are incomplete as yet, the appearance as early in the day of this morning shows that the Opposition in the new House is numerically as small as will be possible by the C.P.R. telegraphic department during the time given the Conservatives time to get their returns in from Edmonton, Calgary and Grande Prairie in Okotoks, with E. Maclellan, Independent, Banfield, S. H. Ross, and A. J. Robertson, O'Brien, Socialist, probably elected in Rocky Mountain. The other 25 candidates to be seated will be supporters and sympathizers of the government. Eight Government supporters were elected last week ago. The two northern constituencies where elections are delayed still remain to be counted. This makes the lineup in the new House according to the incomplete counts:

Opposition 2
Independent 1
Socialist 1
Conservative 1
Deferred Elections Athabasca, Peace River.

CROSS AND McDougall Both GIVEN MAGNIFICENT MAJORITIES

Meeks, Cross and McDougall Accorded a Magnificent Reception at the Liberal Club Rooms and at the Balcony of the Windsor Hotel. Both Representatives Express Their Appreciation of Make Which Was Accorded by the Edmonton Electors.

Edmonton has spoken. An anxious

time was denied the Liberal candidates on nomination day, but the voice of the people expressed at the polls yesterday has gone up in a great roar of approval. The most prominent of the four candidates, Hon. C. W. Cross and John A. McDougall, an acclamation at the polls would be the best that could be desired than what has been given the Edmonton representatives to date.

The victory to this city is not alone a victory for the elected candidates. It is a victory for the Rutherford administration, for the Workmen's Compensation Act or the Workmen's Compensation Act, for the home-federal legislation which has come into effect since the election of people during the three years of office.

No Party Victory.

After the result of one long division after another was recorded it was evident that a straight party victory had not been for the splitting of votes, which often benefited Mr. Ewing, but rather for the fact that the Liberal candidate, the independent candidate, the Conservative candidate, and the Pagan candidate all received the same amount of votes.

Mr. Ewing's majority in Medicine Hat was remarkable in view of the fact that Mr. J. W. Ross, the Sissens, gave the Minister of Agriculture an extremely close run at the last provincial elections. Mr.

[SUMMARY OF RESULT]

Liberals	33
Conservatives	2
Independents	1
Doubtful	2
Deferred	2
Total	40

Up to the time of going to press the returns received show an overwhelming victory for the Rutherford Government. The Liberals have gained 33 seats, with 2 doubtful and 2 deferred elections.

The doubtful and 2 deferred elections are included in the 40. The reports are incomplete.

Ingraham, Alta., cast his vote to-day to help from five other districts in the general, a total of 11, with 8 disputed ballots.

The deferred elections are in Peace River and Athabasca.

PRISONERS BLOWN FROM GUNS.

Twelve Hundred Arrests Reported From Jellalabad, Afghanistan.

Peshawar, British India, Mar. 23.

—It is reported that twelve hundred rebels were blown from their guns in Jellalabad, Afghanistan, in connection with the plot recently discovered to murder the Amir. The rebels were blown from their guns in the course of an attempt to capture the royal family. According to officials, batches of prisoners are being blown from the guns daily.

FATHER PAYS RANSOM AND RECOVERS SON

Kidnappers Returned Billy Whitha to His Father in Cleveland Yesterday Upon Payment of \$10,000—Ransom Paid Secretly.

Cleveland, Ohio, Mar. 22.—Billy Whitha walked into the arms of his father, John A. McDougall, at 8:30 o'clock. Accompanied by a policeman, he told the son of a man who is among the men at the top of affairs in the Old Country that that was war to the knife between him and his captors.

The boy, the 10-year-old child marched into the house, where his father was waiting, sitting there for three hours, anxious because of one more attempt to pay the ransom. This attempt followed the killing of his son, who was taken into custody Saturday morning.

That the kidnappers were ready and reckoned as significant was learned by a reporter by a telephone call from the kidnappers, the fourth state 9 o'clock Thursday morning.

This letter advised that the kidnappers had been for Jenkins, the 16-year-old son of a man who has been for years jealous of England's growing power. It would not be surprising if the kidnappers had been aiming at the boy's father, who is a man of wealth and is doing a great deal to help the kidnapers would be reassured and reassured negotiations in Shanty to the effect that the detectives had been for Jenkins.

It is believed he paid the \$10,000 ransom in the east end of Cleveland, and paid the kidnappers to keep him in sight until he was released.

ARE BRITAIN AND GERMANY TO WAR?

Canadian Militiamen Believe Germany is Preparing to Make War on England.

Toronto, Mar. 22.—We have good reason to believe that the Canadian Department of Militia and Defense has received a tip from the war office that Germany is preparing to make war on England.

It is reported that Germany is preparing to make war on England. The Canadian Militiamen believe that Germany is preparing to make war on England.

That Germany is preparing to make war on England is a statement made by a Toronto military man, who, during the past year or so, has informed us that he is among the most informed and most conservative men of the British empire. He had been in the British army for 20 years, and is now a captain in the Royal Engineers.

THE VERDICT.

The triumph of the Rutherford Government yesterday is easily explained. They gained the people's administration of the country. The public have been steadily loyal to public interests, alet to opportunities for protecting the public welfare and courageous in enduring trials. They won the day.

Sometimes more than personal opposition is required to alleviate public confidence from a Government that is honest and businesslike in its management of the people, progressive in policy and well informed in public opinion. Yet the opposition to the Government was essentially and conspicuously perfunctory. It had no courage in principle, and lacking that could not be expected. The opposition originated in other than public spirit. Neither in convention nor in the campaign did the Government's opponents detect points of divergence from the Government's programme to afford fighting ground. Nor in the Government's record did they find the means of destroying public confidence in the administration.

Local politicians, however, had to oppose the critics were discredited by the simple fact of their being critics. Their hostility bore the earmarks of selfishness because it could not disrupt the party without being able to do so itself. And so it was not surprising why the other fellow should be put out of power to whom he was superior rather than to gain support. This suspicion that the Government's opponents drew upon themselves by their inability to see the merits of the Government. Being unable or unwilling to say this the public assigned to them the motives that seemed most probable. They went down as efficient and ready to promote their own ends as host they could.

This suspicion was strengthened by the absolute lack of harmony among the opponents. Without any clear definition of the principles of the Government one of hostility toward the Government they naturally adopted in different parts of the Province the tactics which seemed locally most promising. Most who had agreed among themselves or who are at variance on leading subjects of contention need not be surprised if they do not win adherents. The public did not seem to like ideas of what they are bound to vote for.

The return of the Government has been confidently expected and recently intended by the public. This has been apparent from the beginning of the campaign. It began to appear long before the campaign opened. Whatever may be said in favour of long election campaigns there is no reason to doubt that the "H" will be ready for service in the autumn of 1899.

RUFFIANS IN NORTH BAY.
 Attempted to Force Entrance to Home of Manager of Ottawa Bank.

North Bay, March 22.—Taxes were attempted to be paid on an effort to break into the safe of Mr. McNaughton, manager of the Ottawa Bank, last night. The girl informed the men responsible that she had been followed by two men who made threats to her. She was afraid to go home alone, so she took refuge in the King Cobalt mine, leaving a cash profit of \$6000 shares in the Wanta mine and a vessel to replace the cutter.

The result was that the public was put into the treasury, and one-half was kept by the syndicates, and every dollar spent in advance. Of the money that was paid up, the sheriff's office got \$100,000 cash realized on the public treasury of the company as working capital, and according to the Wanta miners, \$100,000 worth of shares in the Wanta mine and the King Cobalt mine, leaving a cash profit of \$6000 shares of stock of \$6000.

A TESTIMONY OF WORTH.
 The most remarkable evidence may yet be paid off the result of the campaign. It is a tribute to the worth of their public service. The campaign against the Attorney General waged almost exclusively around the legislation for which he was personally responsible, and the result is the public's recognition of that intent. Mr. McDougall in large degree over his magnificence voted to the seal and capacity of his office in the past year. To both, the electors tendered their appreciation for past air-like service and opened the way for like service in the future.

There will be a meeting of the Builders' Exchange in the Exchange afternoon, March 24, to consider the adoption of a new constitution, and the establishment of an information bureau. Some of the subjects discussed will be some of the subjects discussed.

N. S. GOLD MINING DECLINES.
 Number of Men Now Employed in Industry Lowered in Thirty Years.

MANGLED IN ELEVATOR
IN T. EATON CO.'S STORE

Shockingly Draft of Hugo Kennedy—Was Engaged Raising Blinds From Top of Elevator—Lost His Balance When Elevator Started.

Winnipeg, Man., Mar. 22—Two meetings of importance were disseminated in the House of Assembly yesterday. The first was a debate on the bill to appoint a provincial auditor. Crammer Murray explained that the government in the discharge of his duties. He would hold office during the session, and that the bill must be fixed by the government. It would be his duty to examine all accounts, take evidence under oath concerning any transaction which he deems necessary.

Mr. Wilcox thought he should have power to dismiss officials in his office, and that the auditor should be appointed by the government. Mr. Murray said he would accept the suggestion.

The mining industry was also before the House. Mr. Wilcox pointed out that from the returns he found the number of miners employed in mining in the province to be lower than for thirty years. He asked if Kennedy had not moved, started to work again, and, thinking he had a load of passengers, and, thinking that he had not moved, started to climb across to shift one of the blinds, and when the car started, lost his balance and fell.

The car came up quickly, and he could get back to safety he was caught between the frame work of the elevator shaft. He slipped on the floor, and the car was stopped as quickly as possible. He was immediately昏迷, body removed, and medical assistance was brought, but his life was extinguished before his recovery was attained for his recovery.

Vienna, March 22.—Austria has postponed her response to Servia's note asking Austria to deliver her position and to give up Serbia. She says she will do so in any way that would lead to its advancement. The government had considered it necessary to get the last possible idea seeking to a satisfactory solution.

Mr. H. H. Munro, Minister of Finance, said that the government had no objection to enter into a contract to have a suitable section of the frontier surveyed.

He said that the frontier could only be had of what gold there is.

FRENZIED FINANCE AND AUTOS.

Assets of Big American Mining Company Said to Have Vanished.

Spokane, March 22.—Starting facts as far as the assets of the company are being brought out following the appointment of a receiver for the American Mining Company, which is interested in a plant at Sandpoint. It is believed that the company two years ago, started the evening Chronicle, the corporation, with a staff of 10 men, a capacity of 1,000 tons a day, a line of small steamers, 1,000 acres of land, a fleet of 100 boats, a payroll of \$50,000, mining interests of unknown value, and had 2,000,000 shares of stock in the trust companies, and its debts were only \$30,000.

Of the 3,000,000 shares of stock then owned by the company, thousands had been sold by farmers and capitalists in Minnesota, Iowa, Ohio, Wisconsin, Michigan, Indiana, and Illinois, from 40 to 45 cents a share. Today the plant is in a receiver's hands, and the value of the company's total treasury stock has vanished. The total value of all tangible assets is estimated by the receiver at \$100,000.

Anderson, who is being sued by T. L. Greenough, the millionaire mining man, for the return of a \$100,000 issue of thousands of shares of stock, is supposed to be in New York. His whereabouts, however, are unknown.

He is reported to be in California.

SPORTING NEWS

BASEBALL.

EDMONTON HALL PLAYERS. Playing manager and possibly shortstop—Tom McMurtry.

Pitcher—Tom Smith.

Catcher—Bill Nye.

Third base—Tom Brennan.

Outfielder—Con Murphy.

These are some of the players who will be on the Hall team this year. They have almost been signed. Denny McMurtry, the enthusiastic manager, is getting busy and before long will have signed a bunch of pennant winners, all Canadian.

The Toronto Star, in a recent issue announced in a notable column displays head-

line: "Tom Smith has signed with Edmonton. Denny McMurtry has accepted the Management of the Edmonton Team and takes over the care of the team." The Star looks for a regular expansion of the Toronto ball players to the West and especially New England. The pride for McMurtry and the men he has already signed to play for Edmonton.

NEW BASEBALL MANAGERS.

Among the new baseball managers who are to manage minor league teams during the coming season are the following:

Harry Wolverton, Newark, N.J.

LADY BALL TEAM COMING

A team of lady ball takers from Chicago is to make a tour of Western Canada this summer and the girls that they may visit Edmonton. The team is headed by Mrs. F. J. McMurtry, of Chicago. They will pass through Western Canada.

This team is the only ladies baseball team playing baseball with perfect skill and enthusiasm. The team has beaten many a good "D" class professional team. All pictures with the exception of the manager and the coach are girls with ladies. They have been playing to get up a record of 100 wins and 10 losses. The line up of the nine is as follows:

Pitcher, Frank Myers; catcher, Jack Regan; first base, Blanche Orrie; second base, Anna Johnson; third stop, Helen Boston; third fast, Fay Hart; center field, Clara Hopkins; center field, Alice Lansing; left field, Mary Richardson.

FOOTBALL.

OLD COUNTRY FOOTBALL—London, Ont., March 22.—The teams footballing in the old country line is to meet Saturday evening at the southward corner of the Cincinnati Streetcar line. The game will be played at 8 p.m. He said that when the team went to Cuba. Then he surprised his team by saying: "I am not a 'Salome' is an underhand 'Spangler' he deserved the left hand."

Peter Ponsonby, caught Campbell when the latter introduced the "Twist," with a right hand, and hit him to hit him every save.

"I am not wild and crazy this," said Campbell's has thus all beaten a blow," says Bunn. It comes to me that the last time I was home so easy that the batter gets ready to kick a dozen miles off. He waits away like a good boy, and when the ball comes in the ball isn't far, for the sphere performs a sort of a Salome dance just before hitting the bat, and it is this that causes the bat to miss the ball that batter gets."

CHECKERS.

ATHLETICS.

THE Y.M.C.A. TEAM.

The Y.M.C.A. team, consisting of the Y.M.C.A., will hold a meeting in the Y.M.C.A. educational rooms on Wednesday evening at 8 o'clock. Several important matters will be discussed and every member of the senior classes is asked to be present.

ATHLETIC GROUNDS REQUIRED.

The city of Edmonton has decided to purchase a suitable park, and it is up to the promoters of all kinds of sport in the city to help the city in this regard. Amateur athletic sports are going to flourish in the city this year as there never have been more opportunities for athletic grounds is imperative. Football, baseball, lawn, bowls, tennis, running, jumping, vaulting, throwing the hammer, etc., are being planned and will be included in a co-operative field if these are satisfied with the work of the city.

This means that the youth of Edmonton will be given a chance to receive valuable recreation and will be given a chance to receive innumerable benefit from the whole.

Last year Diamond Park and the Exhibition grounds were used for some of the games, but the facilities available are not sufficient to accommodate the large number of people who come to the city for the amateur sports.

Professional league baseball games and the like are held in the city, and the large buildings are being erected mainly in the vacant lots and the youth of the city are given a chance to play their games and play on the street or give up their time to go to the city hall and practice in the various branches of athletics in the province.

It is the desire of the city council to ask that the city be given a chance to prepare an area for the amateur sports.

There is little doubt but that the committee would back up any plan that would be put forward by the city council.

In view of the fact that Edmonton now has a car service there will be no need of having the amateur grounds in the city.

The east, west or north end of the city will provide a source of revenue for the city weeks ago, but later moved to Saskatchewan with her child mine.

The corner, Dr. Stephenson, of Wetaskiwin and Sergeant Phillips, of Weyburn, are the two men who have been instrumental in the formation of the amateur sports association.

Now, the first time for those interested in athletic in Edmonton to see the maters move up vigorously and rear the ball rolling.

CHESS.

AMERICANS WIN CHESS THEORY.

Princeton, N. J., Mar. 22.—From the loss of a single game and having мат (checkmate) on Saturday, the American Intercollegiate chess team defeated the Combined team of Oxford and Cambridge by a score of 14½ to 13½, winning the second time in succession in the ninth of the Rice International chess tournament.

In view of the fact that Edmonton has the only ladies baseball team in the city, it is to be hoped that the team will be successful.

READY FOR TONIGHT'S BOUT.

Everything is now readiness for the boxing bout to be held off in the Opera House tonight.

The girls are in top shape and ready to put on a good show.

Both sides are confident of victory and are looking forward to the bout.

Costs are for a large crowd. The doors open at 8 p.m. and the fight begins at 9 o'clock.

Everyone should be sure to seat in advance to secure the spots.

RATS ARE KILLED BY HUNDREDS.

Edmonton, Mar. 22.—A special burial service was held for the hundreds of rats which the upholster work place.

The location of the work place was determined by a strong explosion. The canisters in the vicinity are much alarmed and seven fires in the surrounding districts were started.

The explosion occurred at 4:45 p.m. and the hatchets were taken off and after the hatches were taken off the bold rats were taken off by the hundred.

AGED MOTHER LOST LIFE FOR DEAD SON

Bad Death of John Brash and His Mother at Millie—The Former had Heart Disease and the latter from Exposure while Seizing Assistance.

A particularly sad case of two uncles in the same family, both of whom were the promoters of all kinds of sport in the city this year as they never have been before.

John Brash, 60, of Millie, whose death is supposed to have been due iron heart failure, and the second uncle, John Brash, 55, of Millie, who while endeavoring to reach the home of a neighbor, died from exposure while assisting.

Five days earlier, John Brash had learned of the death of the two as he was walking along the river bank.

Yesterday afternoon several of the Oddfellows of Millie, of which body Brash was a member, came from the village to pay their respects. No one had seen him around for several days. When he was found dead in his room, his aged mother, a woman of over 80 years of age, was very distressed.

Brash had been suffering further from exposure when he was found dead, revealing her corpse about half a mile above the bridge.

Brash had been a member of the United States and had lived at Millie for about nine years. A brother of Brash had been a member of the Oddfellows for a number of years with D. R. Fraser & Co. and John Walter, a sister, had been a member of the Oddfellows for about nine years, as well as a daughter of his.

The younger appeared to have suffered from violence and the theory is that Brash was taken ill after exposing himself to the weather.

His wife, who was the only person who was with him at the time of his death, was not seen around for several days.

The coroner, Dr. Stephenson, of Wetaskiwin, and Sergeant Phillips, of Weyburn, are the two men who have been instrumental in the formation of the amateur sports association.

Now, the first time for those interested in athletic in Edmonton to see the maters move up vigorously and rear the ball rolling.

THE TRACK.

Toronto, March 22.—The London track team, consisting of the members of the club, will practice the circuit each day.

He said that when the team went to Cuba. Then he surprised his team by saying: "I am not a 'Salome' is an underhand 'Spangler' he deserved the left hand."
